Who is Cheryl Sorg?

- Cheryl Sorg is an American artist
- Literature, and its ability to transfix and transport, has served as the inspiration for Cheryl's work.
- Cheryl uses books to create large and elaborate constructions, forms in which a viewer can get lost, as in a well-told tale.
- Cheryl's work has been exhibited in solo and group exhibitions in galleries and museums across the United States.
- Cheryl specialises in installation and sculpture artwork. Take a look at some of her artwork which is for sale.

Artwork by Cheryl

Cheryl's collages and installations are inspired by the natural world. They represent the layers of the earth, rings of a tree, sun, clouds and rain.

Cheryl uses a range of material such as coloured tape and film which create the effect of changing colours when viewed from different perspectives. The materials she uses interact with light through shine reflection, iridescence and colour shifting qualities.

Techniques

How do I produce art like Cheryl Sorg?
